

LIST OF FIGURES

	PAGE#
Figure 1-1 Ecosystem Restoration Plan, Planning Area	1-2
Figure 1-2 Aerial Photograph of Watersheds.....	1-3
Figure 1-3 Auburn Ravine/Coon Creek Watershed Base Map	1-4
Figure 1-4 Doty Ravine Subwatershed.....	1-11
Figure 3-1 General Plan Land Use Designation.....	3-4
Figure 3-2 Watershed Land Use.....	3-5
Figure 3-3 Urbanization by Subwatershed	3-6
Figure 3-4 Subdivision Potential by Subwatershed.....	3-8
Figure 3-5 Natural Conditions by Subwatershed	3-9
Figure 3-6 Agricultural Activity by Subwatershed	3-10
Figure 5-1 Relative Surface Erosion Hazard Potential.....	5-2
Figure 5-2 Channel Classification and Composition.....	5-5
Figure 6-1 Water Management.....	6-3
Figure 6-2. Mean Monthly Flows at Auburn Wastewater Treatment Plant	6-4
Figure 6-3. Auburn Ravine Daily Maximum and Minimum Water Temperature Data- Auburn Ravine at Fowler Road (Upper Watershed).	6-9
Figure 6-4. Auburn Ravine Daily Maximum and Minimum Water Temperature Data- Auburn Ravine at NID Gaging Station Near Highway 65	6-10
Figure 6-5. Auburn Ravine Daily Maximum and Minimum Water Temperature Data- Auburn Ravine Downstream of Moore Road.....	6-11
Figure 6-6. Mean Monthly Ammonium-Nitrogen Loads in Auburn Ravine.....	6-13
Figure 6-7. Mean Monthly BOD Loads in Auburn Ravine, Average Year.....	6-14
Figure 6-8. Mean Monthly TSS Loads in Auburn Ravine, Average Year	6-18
Figure 7-1. Countywide Vegetation	7-2
Figure 7-2. Watershed Vegetation.....	7-3

Appendix Figures

Appendix B

Figure WQ-1. Mean Monthly Cadmium Loads in Auburn Ravine	B-6
Figure WQ-2. Mean Monthly Copper Loads in Auburn Ravine, Average Year.....	B-7
Figure WQ-3. Mean Monthly Lead Loads in Auburn Ravine, Average Year	B-7
Figure WQ-4. Mean Monthly Mercury Loads in Auburn Ravine, Average Year.....	B-8
Figure WQ-5. Mean Monthly Zinc Loads in Auburn Ravine, Average Year	B-8

Appendix D

Figure 1. Nevada Irrigation District stream gage, Auburn Ravine (near Lincoln).	D-2
Figure 2. Coppin Dam site on the Cross-Canal near the terminus of Auburn Ravine in "flashboards-out" condition.....	D-5
Figure 3. Davis Dam Site on Auburn Ravine.....	D-7
Figure 4. Tom Glenn Dam on Auburn Ravine.....	D-9
Figure 5. Aitken Ranch Dam on Auburn Ravine, flashboards-out condition	D-11

LIST OF FIGURES

	PAGE#
Figure 6. Moore Dam abutments in flashboards-out condition.....	D-13
Figure 7. Semi-natural stream channel and riparian area immediately upstream of Moore Dam.....	D-14
Figure 8. Nelson Lane Dam abutments in the flashboards-out condition	D-16
Figure 9. Alcove channel leading from the Auburn Ravine main channel to the unscreened irrigation diversion pumps	D-17
Figure 10. Nelson Lane Dam diversion pumps at terminus of alcove	D-18
Figure 11. Lincoln Ranch Duck Club Dam on Auburn Ravine	D-20
Figure 12. Hemphill Dam on Auburn Ravine near Turkey Creek Golf Course	D-23
Figure 13. Cataract on Auburn Ravine adjacent to Ophir Tunnel.....	D-27
Figure 14. NID 1 Dam and upper end of NID Ditch.....	D-29
Figure 15. Garden Bar Road crossing, Doty Ravine	D-32
